## Frequently Asked Questions Series 15 (Released on 20 October 2011/ Last Updated on 1 April 2015)

## Rule amendments relating to property valuation requirements (effective 1 January 2012)

## Status of "Frequently Asked Questions"

The following frequently asked questions (FAQs) are designed to help applicants and issuers to understand and comply with the Listing Rules, particularly in situations not explicitly set out in the Listing Rules or where further clarification may be desirable.

Users of the FAQs should refer to the Rules themselves and, if necessary, seek qualified professional advice. The FAQs are not substitutes for the Listing Rules. If there is any discrepancy between the FAQs and the Listing Rules, the Listing Rules prevail.

In formulating our "answers", we may have assumed certain underlying facts, selectively summarised the Listing Rules or concentrated on one particular aspect of the question. They are not definitive and do not apply to all cases where the scenario may at first appear similar. In any given case, regard must be had to all the relevant facts and circumstances.

The Listing Division may be consulted on a confidential basis. Contact the Listing Division at the earliest opportunity with any queries.

| No. | Main Board<br>Rules | GEM Rules | Query  | Response   |
|-----|---------------------|-----------|--|--|
| 1.  | Chapter 5           | Chapter 8 | Is an applicant/issuer only required to disclose<br>valuation information relating to its property<br>interests under Chapter 5 of the Main Board<br>Rules/Chapter 8 of the GEM Rules in the listing<br>document/circular? | <ul> <li>No. Under the general disclosure obligation in the Companies (Winding Up and Miscellaneous Provisions) Ordinance (Cap 32) and the Listing Rules (for applicant, see Main Board Rule 11.07/GEM Rule 14.08(7); for issuer, see Main Board Rule 14.63(2)(a)/GEM Rule 19.63(2)(a)), a listing document/circular must contain sufficient particulars and information necessary for an investor to make an informed decision.</li> <li>(Updated in April 2015)</li> </ul>   |
| 2.  | 5.01(1)             | 8.01(1)   | How is the acquisition cost determined if an acquisition is made after the latest consolidated audited accounts?   | The acquisition cost should be determined based<br>on the appropriate accounting treatment used by<br>the acquiror in preparing the financial<br>statements.   |
| 3.  | 5.01(1)             | 8.01(1)   | How should an applicant ascertain the carrying amount of a property interest?  | The carrying amount of a property interest must<br>be ascertainable from the books and records of<br>the applicant and consolidated into its balance<br>sheet. Disclosure of a breakdown of property<br>interests in the listing document is not required.<br>The carrying amount of a property interest used<br>to calculate the percentages under which a<br>property valuation is not required should be the<br>amount reported in the consolidated balance<br>sheet of the applicant. It should not be the<br>effective value based on the applicant's |

| No. | Main Board<br>Rules | GEM Rules | Query  | Response   |
|-----|---------------------|-----------|--|--|
|     |                     |           |  | percentage holding in the subsidiary (or the<br>entity that is consolidated into the balance sheet).<br>For example, an 80% owned subsidiary of an<br>applicant holds a property interest with a<br>carrying amount of \$200 million. The carrying<br>amount of \$200 million should be used instead<br>of \$160 million.  |
| 4.  | 5.01(2)             | 8.01(2)   | Can an applicant engage in both property activities and non-property activities?   | An applicant can engage in both property<br>activities and non-property activities. An<br>applicant should consider each property's use. If<br>a property is for letting or sale, then it would be<br>categorised into property activity. So even<br>where an applicant's core business is not<br>property development or investment, its<br>property interest may still be categorised into<br>property activity. |
| 5.  | 5.01(2)             | 8.01(2)   | Does "holding (directly or indirectly)" means<br>holding by the applicant or its subsidiaries, or<br>does it also include holding by entities that the<br>applicant has no control of, such as associated<br>companies or jointly controlled entities? | "Holding (directly or indirectly)" includes<br>property interests that are recognised in the<br>consolidated balance sheet of the applicant.<br>Whether a property interest held by a jointly<br>controlled entity is recognised in the<br>consolidated balance sheet of the applicant<br>depends on the accounting treatment adopted by<br>the applicant.   |
| 6.  | 5.01(2)             | 8.01(2)   | Should retail outlets occupied by an applicant for<br>its operations be categorised into a property<br>activity or a non-property activity?  | Retail outlets occupied by an applicant for its operations should be categorised into non-property activity.   |

| No. | Main B<br>Rules | Board | GEM Rules | Query | Response |
|-----|-----------------|-------|-----------|-------|----------|
|     |                 |       |           |       |          |

| No. | Main Board<br>Rules | GEM Rules | Query   | Response   |
|-----|---------------------|-----------|---|--|
| 7.  | 5.01A(a)            | 8.01A(a)  | How should an applicant identify properties up to<br>the 10% limit in Main Board Rule 5.01A(a)/GEM<br>Rule 8.01A(a)? If there are two properties with<br>similar carrying amounts crossing the 10% limit<br>at the same time, which property should be<br>valued? | Generally, an applicant should identify the carrying amount of each property interest and add up from the lowest values until the 10% limit is reached. Property valuations will not be required for property interests comprising the lowest 10%. Property valuations will be required for the remaining property interests. Full text of valuation reports will be required to be disclosed in the listing document except where summary disclosure is allowed (see Main Board Rule 5.01B/GEM Rule 8.01B).<br>Where two properties have similar carrying amounts that would cross the 10% limit, we would leave it to the applicant and its advisers to determine taking into account the general disclosure obligation. For example, an applicant may have 15 properties representing 10.12% of its total assets. The largest and second largest of these 15 properties are a property in Mongolia representing 0.97% of its total assets and a Hong Kong property representing 0.85% of its total assets. The total amount of non-valued properties would be less than the 10% limit if either one of these two properties (each with an amount below 1% threshold) is valued. |

| No. | Main Board<br>Rules | GEM Rules    | Query   | Response   |
|-----|---------------------|--------------|---|--|
| 8.  | 5.01B(b)(ii)        | 8.01B(b)(ii) | What is the timing reference point for the statement "except for the property interests in the valuations reports, no single property interest that forms part of its non-property activities has a carrying amount of 15% or more of total assets"?  | The timing reference point for the statement is<br>the listing document date.  |
| 9.  | 5.02                | 8.02         | Please clarify whether an issuer must comply<br>with Main Board Rule 5.02A(e)/GEM Rule<br>8.02A(e) and Main Board Rule 5.02B(ii)/GEM<br>Rule 8.02B(ii) as well as the current Rule that<br>requires a valuation for an acquisition or disposal<br>of a company whose assets consist solely or<br>mainly of property and where any of the<br>percentage ratios of the transaction is or is above<br>25%. | The property valuation requirement is triggered<br>when an issuer acquires or disposes of a<br>company whose assets consist solely or mainly<br>of property and where any of the percentage<br>ratios of the transaction is or is above 25% under<br>Main Board Rule 5.02/GEM Rule 8.02.<br>An issuer should then identify each property<br>interest in the company being acquired or<br>disposed of and consider whether the carrying<br>amount is below 1% of the issuer's total assets.<br>Valuation is not required if a property interest is<br>below 1% of the issuer's total assets. The total<br>carrying amount of property interests not valued<br>must not exceed 10% of the issuer's total assets. |
| 10. | 5.10                | 8.36         | Please clarify how to determine when information<br>under Main Board Rule 5.10/GEM Rule 8.36<br>should be disclosed.  | An applicant must disclose information on its<br>material property interests. The information must<br>be meaningful for investors to make an informed<br>decision regarding the company. We expect<br>applicants and sponsors to consider materiality<br>taking into account all the relevant facts and<br>circumstances and disclose property valuations<br>and/or relevant information for material property   |

|-----|-----------------|-------|-----------|-------|--|
|     |                 |       |           |       | interests.   |
|     |                 |       |           |       | There is no definition of materiality in the Listing Rules. In considering whether a property interest is material or not, applicants and sponsors may consider:   |
|     |                 |       |           |       | <ul><li>(a) whether the property interest (individually<br/>or in aggregate) is used for a reportable<br/>segment of the applicant. If so, whether it<br/>contributes a significant portion of revenue<br/>to the applicant;</li></ul>   |
|     |                 |       |           |       | (b) whether there are any encumbrances on the<br>property or use of the property that may, at<br>any time, directly or indirectly impact the<br>operations of the applicant's reportable<br>segment;                                     |
|     |                 |       |           |       | (c) whether there are any defects relating to the<br>property or its operations that may have<br>major impact on the applicant's business or<br>operations, for example, breach of<br>environmental regulations or title defects;<br>and |
|     |                 |       |           |       | (d) whether there is re-development potential<br>for the property that may impact the<br>applicant's financial position.   |
